Friday	08:30 – 18:00

NB. Some Nurse appointments are scheduled from 8:00am – patients check in via an automated screen.

Telephone

Monday to Friday 08:30 – 18:00

Welcome to Park Practice

We are a well-established GP practice providing primary healthcare in Eastbourne to around 11,500 patients. This document tells about our practice team, the services that we offer and contains useful information about the surgery. We hope you find it helpful!

We issue a regular newsletter to keep patients up to date with practice news. This is available in reception, by email and our website www.parkpractice.co.uk

The practice website gives patients access to a wide range of information about the surgery, together with news, copies of leaflets, links to our useful websites and much more. Patients can also order repeat prescriptions and make pre-bookable appointments. See "How to see a Doctor" for more information.

We would like to inform our patients that we record, store, and may monitor or use any incoming and outgoing calls, email or any other communication with you for training purposes and to improve the quality of our services. Calls are stored on a standalone recording system and are not accessed unless there is a training or monitoring need. Calls are automatically deleted after 6 months. Should you wish a telephone call to be deleted before the 6 month period, please contact the practice to request this from a member of the management team.

How to Register with our Practice

You can visit the surgery and collect a registration form from reception or you can access a copy on our website: www.parkpractice.co.uk

Practice Boundary

Please see our website for our practice boundary or ask at Reception.

Preference for Practitioner

All patients are allocated a named accountable GP. This Doctor is responsible for patient's overall care at the Practice. Please contact the Practice if you do not know who this GP is. Patients have a right to express a preference of Practitioner and whilst the Practice will endeavour to comply, it might not always be possible. If this were to be the case, an explanation would be offered.

Surgery Hours

Park Practice reception staff are available between 8:30am and 6:00pm (7.45pm on Mondays and Wednesdays) to make your appointment. The clinicians' individual surgery hours do vary.

We offer **extended opening hours** for pre-booked appointments. These are available on Monday and Wednesday evenings 6:00pm to 7:45pm. You will not be seen without an appointment.

The Doctors

Partners

Dr Martin Writer (male). GMC number: 3546514

Nurse Practitioner

Jess (female). Jess joined our team in 2017 and has been working as a Nurse Practitioner since 2019. Jess specialises in Contraception, Sexual Health and the Menopause. She is also competent in assessing acute illness in children and adults and the management of long term conditions. In her spare time enjoys sea swimming, yoga, running and spending time with her two boys. Working days Tuesday-Friday.

Qualifications: BSc Hons European Nursing UoB (2008). BSc Nurse Practitioner UoB (2019)

Niki (female). See under Practice Nurses.

Practice Employed Paramedic

Dave (male) - David joined the surgery in 2016 working for South East Coast Ambulance Service as a Specialist Paramedic in Urgent and Emergency Care.

He qualified as a Paramedic in 2009 and after 3 years went on to graduate from St Georges University as a Specialist Paramedic/Paramedic Practitioner. As a Paramedic Practitioner he is qualified in managing acute minor health conditions and minor injuries and is developing the provision of care plans and hospital avoidance in the surgery. David is also involved in monitoring and managing some long term conditions and social issues in our housebound patients.

David works closely with the GP team and will support the duty Doctor with home visiting capacity and Urgent clinic appointments as well as more routing visits and clinics.

Adam (male) - Adam studied for a BSc (Hons) at Plymouth University qualifying as a paramedic practitioner in 2012. He spent a few years working for the West Midlands Ambulance Service but the pull of the sea brought him back to the coast in 2015. Alongside working at the surgery, Adam still undertakes regular shifts as a paramedic practitioner with South East Coast Ambulance service. Along the way Adam has been back to university, completing an MSc and a PGCert. When he isn't working, Adam enjoys spending time with his wife and three young children.

Practice Employed Nursing Staff

Practice Nurses

Niki (female). Niki qualified from St Bartholomew's Hospital, London in 1990 and gained a BSc (hons) in Nursing Studies in 1998. She spent time working in London and Oxford before moving to Eastbourne to work for ten years in the urology department at the District General Hospital. Niki joined Park Practice in 2002 and is our Senior Practice Nurse, as well as a Nurse Prescriber.

Becky (female). Rebecca qualified as a registered nurse in February 2014. Since then, Rebecca has worked as a community nurse and has been the Wound Lead working closely with Tissue Viability since July 2014.

Michelle (female). Michelle qualified as a nurse in 1994. She has had a varied career as a nurse, working in A&E, emergency medicine, St Wilfrids Hospice and Community Nursing. Michelle has worked as a practice Nurse since 2010, and has a special interest in Diabetes and Respiratory. She joined Park Practice in February 2023.

Caroline (female). Caroline qualified as a registered nurse in 1991 and worked at Eastbourne DGH gaining experience on a variety of wards. In 2005 she started working as a Practice Nurse in Eastbourne and joined Park Practice in November 2023.

Marta (female). Marta qualified as a registered nurse in Poland in 2014. She worked at Royal Sussex County Hospital in Brighton and Eastbourne DGH gaining experience in elderly and urology wards. In 2016 she started work at Milton Grange in Eastbourne providing care in rehabilitation units. Marta joined Park Practice In November 2023.

Assistant Practitioner

Claire (female). Claire joined the practice in 2022 and is a qualified Assistant Practitioner.

Healthcare Assistant

Vicki (female). Vicki joined Park Practice in February 2012 having previously worked for the District Nursing Team. She has gained a Level 3 in Health and Social Care.

Katie (female). Katie joined Park Practice in 2015, initially in an administrative role, but she has since trained to do phlebotomy, blood pressures and health checks.

Phlebotomist

Angela (female). Angela joined Park Practice in 2021 and is a very experienced phlebotomist. As well as taking blood, Angela can undertake blood pressures and ECGs.

Practice Manager and other Managers

Kelly Flynn is the Practice Manager and Natalie is the Deputy Practice Manager. They can help you with any administrative or non-medical aspects of the Practice.

Receptionists

Our Receptionists are here to help you. They have a difficult job to do with phone calls and enquiries from every direction. When telephoning for medical attention the Receptionist may ask for a few details. They have been trained to make these enquiries so that we can help you in the most appropriate and efficient way.

Trainees

We are an NHS Training Practice. This means that we have a GP Registrar working with the Doctors for approximately 12 months as part of their specialist training. If you are given an appointment with our Registrar you will be notified when you make the appointment.

At the present time we have Dr Fritha Price with us for 2 years.

We will also occasionally host other Junior Doctors and Paramedical staff as part of their training.

How to see a clinician or obtain medical advice

When you call the surgery for an appointment, query or problem our Receptionists will usually book a telephone triage appointment with one of clinicians. They will ask for a brief summary and telephone number to contact you and you will be advised that a clinician should usually call you back as soon as possible, but usually within an hour or two or at a time to suit yourself. If your problem can't be resolved on the phone then the GP will book a face to face appointment for you to attend.

If you need a Practice Nurse appointment then this can be booked in advance in the usual way.

In certain circumstances the Receptionist will be able to pre-book an appointment without the need for a prior telephone consultation with a clinician.

Further Information about Appointments

Usual appointment times are 10 minutes. At the discretion of the GP a longer appointment time may be allowed.

If more than one family member needs to be seen, each patient must be allocated a separate appointment.

Please let us know if you would like a member of the Practice Team to accompany you during your consultation, or if you wish to be accompanied to the consultation by a friend / family member; this is perfectly acceptable to us, provided you are happy regarding confidentiality.

Home Visits

If you need a clinician to visit you at home then you should ring the Receptionist before 10:30am unless urgent. **Home visits are for patients who are either too ill to come to the surgery or are housebound.** On receiving the request, the clinician may ring you to decide if a home visit is necessary. **Transport issues are not a reason for requesting a home visit.**

Out of Hours (Telephone 111)

If we are closed you need to ring 111. This free NHS telephone service is available 24 hours a day, 7 days a week for when you need access to healthcare but it is not a life-threatening situation. The staff will ask you questions to assess your symptoms and then give you the advice you need, or direct you straightaway to the local service that can help you.

Emergencies – Hospital Accident and Emergency or dial 999

Available 24 hours a day. For genuine emergencies, such as choking, chest pain, heavy blood loss, stroke, serious injury, fits or unconsciousness or where delay would cause further harm, you should go to A&E or call an ambulance by dialling 999.

Repeat Prescriptions

Patients on regular medication will require repeat prescriptions. Prescriptions are computerised; your doctor will have entered onto the computer what medication you are taking and each time a new prescription is written by the computer a new request form is also generated for you to make your next request. Requests for repeat prescriptions are **NOT** taken over the telephone. This is for legal reasons as errors can occur in verbal communication.

Please sign up for the NHS App via your smartphone to order your medication or see the Prescriptions tab on www.parkpractice.co.uk for your other ordering options.

Please note that the prescription phone line is open for queries between the hours of 09.30 and 12.00pm, then again between 3pm and 5.30pm.

1. If at all possible please allow four working days (**96 hours, excluding weekends and bank holidays**) for your prescription to be processed.
2. If you have more than one repeat prescription, please try and order all your items together.
3. Please indicate clearly which items you require, by placing a "tick" against these items, and crossing through those not required. If there are items on the Repeat List which you no longer require at all, please ask us to remove them from the list.
4. Clearly indicate where you would like the prescription form sent on the "Repeat Prescription Form".

We can send your prescription directly to a nominated chemist (a list is available from reception), or we can send the prescription directly to your home address. However, remember to enclose a stamped addressed envelope for this service. You can collect your prescription from the surgery.

Most chemists operate a delivery service for medication. Please talk to your preferred chemist about this.

Prescription Charges

People in the following categories are automatically exempt from prescription charges:

- Children under 16 or 19 and in full-time education;
- People over 60 years of age;
- Pregnant women;
- Women who have had a baby in the last 12 months;
- People receiving certain benefits, and
- People with certain specific medical conditions.

Prescription Pre-Payment Certificate

It is sometimes worthwhile to buy a pre-payment of prescription charges. As of April 2021 a prescription charge is £9.35 per item and a pre-payment prescription certificate is £30.25 for three months and £108.10 for one year. This means that when using a certificate, once 13 items have been dispensed the ticket has paid for itself. £108.10 may sound a lot, but it works out at just over £2 per week for all your prescriptions. Compared to the actual cost of medication this presents excellent value. The telephone number for more information is - 0300 330 1341.

Online Access

Based on the ID that you provided when you registered, we can set up detailed record access on your medical records if you would like it (currently over 16s only). Simply download the NHS App via Google Play or the App Store on a smart phone, or via www.nhsapp.service.nhs.uk/login on a computer, and the information will be visible to you. This will be all immunisations from birth, plus all medical information added to your record from the day you become a registered patient at Park Practice. You will also be able to request medication and appointments online (appointments currently suspended due to Covid).

If you would like to access details of all your previous medical records online, please ask at the Reception desk for Form B or print the 'Detailed coded record access form' from our website: <https://www.parkpractice.co.uk/doitonline.aspx>

Other online providers: <https://www.nhs.uk/using-the-nhs/nhs-services/gps/gp-online-services/>

- Surgery newsletter
- Practice booklet
- On-line repeat prescription service, appointments and summary records
- Patient participation group

Sickness Certificates

You do not require a Doctor's sickness certificate for any illness lasting 7 days or less. Your employer may, however, require you to complete a self-certification form (SC1) which is available from your employer. For any illness lasting longer than 7 days you may need to speak to a Doctor to issue a sickness certificate (MED 3) and for any subsequent renewal of certificates.

Test Results

It is your responsibility to contact us for your results.

Please call after 2:15pm and before 5:30pm to enquire about your test results as our reception staff are unable to provide results at any other time.

The Practice has a strict policy regarding confidentiality and data protection and we will only release test results to the person to whom they relate unless that person has given prior written consent for the release of this data, they are not capable of understanding the results or the patient is under 16, in which case it is the responsibility of the parent.

When you have your test you will be told how long it will be before the results are returned to the Practice. For most standard urine and blood tests, the results are normally back in 3 working days. Stool tests take approximately 4-5 days and x-rays take 14 days.

Fasting Blood Tests

If you have been asked to fast for your blood test, you need to follow the instructions below:-

For Fasting Blood Sugar Tests do not eat or drink anything for 14 hours from the night before the blood test (you can drink water and take your usual medication).

For Fasting Cholesterol Test do not eat or drink anything for 14 hours from the night before the blood test (you can drink water and take your usual medication).

Health Checks

This check is to assess your risk of developing heart disease, type 2 diabetes, kidney disease and stroke. If you are between the age of 40 and 74 you can book an appointment with our nurse team for this check.

Nursing Staff (not employed by the Practice)

Community Nurses

For advice please telephone 01323 432520 between 8:30am – 5:00pm Monday to Friday.

Health Visitors and School Nurses

The Health Visiting Service is staffed by registered Nurses who have further specialist training, particularly relating to expectant mothers and school age children. Services include development assessments, child health clinics, counselling and health education. You can contact them on 01323 432300.

Community Midwives

Are available to provide health care, advice and support regarding pregnancy, birth and care of the mother and baby within the family home. They hold weekly ante-natal clinics and can be contacted on 01323 514366.

Medical Examinations and non-NHS Charges

Non-NHS Charges

The Doctors carry out a range of medical examinations including HGV, PSV, fitness to drive, travel and insurance examinations. Full details and charges are available on our website and from our reception.

Other non-NHS Charges

Private Health forms (BUPA, etc.) and private certificates. Please see reception for charges.

Important Information

Change of Address

If you change your address or telephone number, please notify the surgery via our website www.parkpractice.co.uk or come into the surgery and fill out a change of address form at reception as soon as possible, so that we can ensure that our records are accurate. We can also send you a text message with a link to change your address.

Change of Name

If you change your name you will need to come into the surgery and fill out a change of name form at reception as soon as possible. Please note that we will need to see evidence of a change of name in the form of a marriage certificate/deed poll etc.

Carers

There is an organisation called Care for Carers who are able to offer support and advice. Their telephone number is 01323 738390.

Smoking

The surgery operates a No Smoking policy and this also includes the use of all e-cigarettes.

Food and Drink

Only water is permitted on the premises.

Mobile Telephones

Please be considerate to other patients and limit mobile phone calls.

Accessible Information and other Needs

(staff note - website to be updated if this section is reviewed)

Disabled Access

Park Practice has good access to the ground floor. There is designated parking for disabled patients at the front of the surgery.

Making Appointments

Please let us know if you require alternative ways of making an appointment with us or accessing any other service that we offer.

Interpreting / Translation / Bilingual Advocacy and Support Services /Interpreting Services for People with hearing impairment and Transcription services for people with vision impairment:

If you need help to access our services please ask for help at reception and we can arrange this for you. (Staff – G drive, Park Practice Forms, 'translation folder')

Hearing Loop

This equipment is available at our surgery on the front reception.

Letters and leaflets

We can print off letters and leaflets in extra-large print. Please ask reception for assistance if you would like this.

Intimate Examination / Chaperones

We have a Practice policy on chaperones available on our website (www.parkpractice@nhs.net). You are entitled to arrange or ask for a chaperone to be present during intimate examinations. Please ask at reception or during your consultation.

General Information

Patient Participation Group (PPG)

The Practice has a volunteer group which meet regularly with the Practice Manager and GP Representative. The members are your representatives and they help to influence the way local health care is organised and delivered. We aim to have a good mix of male / female, ages and from different backgrounds.

If you are interested in joining our group please inform reception.

Data Protection Act

The General Data Protection Regulation (GDPR) is a new law that determines how your personal data is processed and kept safe, and the legal rights that you have in relation to your own data. The regulation applies from 25th May 2018 and will apply even after the UK leaves the EU. Our Privacy Notices are available for you to read on our website - www.parkpractice.co.uk - and in our waiting room (the folder is located on the left hand side of our reception desk).

You have a right of access to your records. For further information regarding accessing your medical records, please contact Reception or view our website under the 'GDPR' tab on the right hand side. If it is in relation to another organisation, please contact them direct; i.e. hospital, community team or Social Services.

Confidentiality

All records on file or on the computer are strictly confidential. They will not be disclosed to anyone, unless we have written permission to do so, except in exceptional circumstances. Please be aware that if you allow someone to accompany you into a consultation, your paper / computer medical records may be seen / disclosed. Everyone working with your information has a legal duty of confidentiality. Our guiding principle is that we are holding your records in strict confidence. Anyone who receives information from us is also under a legal duty of confidentiality.

Consent

We obtain your verbal or written consent for many procedures. Consent is required from the parents or person responsible for a child for vaccination of children.

Equality and Diversity and our Responsibility to You

No patient shall receive less favourable treatment or consideration on the ground of age, colour, culture, disability, ethnic or national origin, gender, lifestyle, marital or parental status, race, religion or beliefs, sex, sexual orientation, social or economic status.

All patients will be treated with respect, kindness and dignity, irrespective of ethnic origin, religion, cultural beliefs, sex or age.

Your Responsibility to Us

We ask that you treat the practice staff with the same courtesy and respect. We would also ask that you contact the surgery at the earliest opportunity should you need to cancel or change an appointment.

Freedom of Information Act

The Freedom of Information Act became law on the 30th November 2000. Park Practice conforms to the requirements of the Act and has produced a publication scheme in accordance with the Act. A copy of the Act is available on the Freedom of Information website: www.foi.nhs.uk

Contacting You

We may need to contact you by post or telephone. Sometimes we may leave a message on your answerphone for you to contact us. If you have any objections to the above then please let us know.

Abusive or Violent Behaviour

This Practice has a zero tolerance policy with regards to abusive or violent behaviour. The definition of violence: "Any incident where a GP or their staff are abused, threatened or assaulted in circumstances related to their work, involving an explicit or implicit challenge to their safety, well-being or health". If an incident occurs the

practice will telephone the Police and that patient may be removed from the Practice list.

CCTV

Closed circuit television (CCTV) is installed at the practice premises for the purpose of staff, patient and premises security. Park Practice are the Data Controllers in accordance with Data Protection Legislation. Any enquiries can be made to the practice on 01323 502200 Monday to Friday, 08.30 – 18.00.

Clinical Commissioning Group (CCG)

For details of primary medical services in the area please contact:-
Eastbourne, Hailsham & Seaford CCG, 36 – 38 Friar Walk, Lewes, East Sussex, BN7 2PB.
Telephone 01273 485300.

Living Will

Please advise us in advance if you have a living will so that we are aware of your wishes with regard to treatment.

Complaints and Suggestions

Suggestions as to how we can improve our patient services are most welcome. You can see reception for a complaints procedure, post a suggestion in our suggestions box located in reception, fill in our "Friends and Family" questionnaire available at our reception counter, comment about our services on our website www.parkpractice.co.uk, write a letter to the Practice Manager or ask for an appointment with the Practice Manager.

PALS (Patient Advice and Liaison)

PALS is a free, independent and confidential service for anyone who would like information and help, or who may have a concern about the care provided by the Practice. Telephone 0300 1000 891.

Please note that all telephone calls are recorded for training and quality purposes.
